

HDPE Monitoring Well Pipe

Van Walt **Monitoring Well Pipe** is made of HDPE, hallmarked and has screw flush joints.

Van Walt Well Pipe has horizontal slots to maximise water throughput and minimising silting of the slot

Advantages

- All Well Pipe is hallmarked
- Made from HDPE
- Screw flush joint connections
- Maximises water throughput and minimises silting.

Specifications

- Internal diameter 25mm
- Prefab filter available
- Bentonite prefab section available
- Trace metal analysis
- Hydro-carbons analysis
- Volatiles analysis
- Macro-parameters analysis
- Pure hydro-carbons resistant.
