

FACT SHEET

Standard Hand Auger Set

An efficient, fast and accurate equipment set which is solid and strong for soil extraction and analysis.

A comprehensive hand auger set for drilling above water table to depth of 5 meters

Advantages

- High tensile strength forged auger bodies
- Perfect auger body shapes for optimal drilling
- Non toxic steel for all types of analyses
- Rapid connectible extension rods
- Wide selection of auger types - a complete set.

Accessories

- Hand augers are available in different diameters (see Full Hand Auger List)
- Extension Rods - bayonet couplings & conical screw.

Specifications

- Produced of high grade non-toxic steel.
