

### Single Gouge Augers

- 04.01.01.30.N Single gouge auger, op. length 50 cm, Ø30 mm  
 04.01.03.30.N Single gouge auger, op. length 100 cm, Ø30 mm  
 04.01.03.30.V Single gouge auger, op. length 100 cm, heavy type with beating head, diameter 30 mm. Ø30 mm

### Single Gouge Auger Sets

- 04.01.SA Single gouge auger set, standard set for sampling in more or less soft soils to a depth of 1 m.  
 04.01.SB Single gouge auger set, standard set for sampling in hard soils to a depth of 1 m

### Gouge Auger Bottom Parts

- 04.02.01.20.B Gouge auger, bottom part, op. length 50 cm, bay. Ø20mm  
 04.02.01.20.C Gouge auger, bottom part, op. length 50 cm, c.sc. Ø20mm  
 04.02.01.30.B Gouge auger, bottom part, op. length 50 cm, bay. Ø30mm  
 04.02.01.30.C Gouge auger, bottom part, op. length 50 cm, c.sc. Ø30mm  
 04.02.01.60.B Gouge auger, bottom part, op. length 50 cm, bay. Ø60 mm  
 04.02.01.60.C Gouge auger, bottom part, op. length 50 cm, c.sc. Ø60mm  
 04.02.03.20.B Gouge auger, bottom part, op. length 100 cm, bay. Ø20mm  
 04.02.03.20.C Gouge auger, bottom part, op. length 100 cm, c.sc. Ø20mm  
 04.02.03.30.B Gouge auger, bottom part, op. length 100 cm, bay. Ø30mm  
 04.02.03.30.C Gouge auger, bottom part, op. length 100 cm, c.sc. Ø30mm  
 04.02.03.60.B Gouge auger, bottom part, op. length 100 cm, bay. Ø60mm  
 04.02.03.60.C Gouge auger, bottom part, op. length 100 cm, c.sc. Ø60mm  
 04.02.05.30.C Gouge auger, bottom part, op. length 100 cm, with heavy design auger body, c.sc. Ø30mm

### Gouge Auger Sets

- 04.02.SA Bi-partite gouge auger set. Standard set for sampling in more or less soft soils to a depth of 5 metres (bayonet connection)  
 04.02.SB Bi-partite gouge auger set. Standard set for sampling in more or less soft soils to a depth of 5 m. (conical screwthread connection)  
 04.02.SC Bi-partite gouge auger set. Standard set for sampling in hard soils to a depth of 5 m.

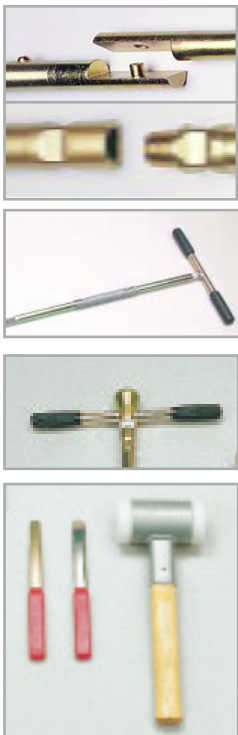

## Stepwise Sampling Set

- 04.04 Gouge auger set for stepwise sampling, standard set for sampling to a depth of 0.9 m.
- 04.04.00.20.C Gouge auger, bottom part, op. length 30 cm, c.sc. Ø20mm
- 04.04.00.30.C Gouge auger, bottom part, op. length 30 cm, c.sc. Ø30mm
- 04.04.00.40.C Gouge auger, bottom part, op. length 30 cm, c.sc. Ø40mm

## Arable Land Gouge Augers

- 04.06 Gouge auger set for top layers, for fertilization research. Standard set for sampling to a depth of max. 60 cm
- 04.06.01 Auger for arable land, Ø13mm, operational length 25 cm, total length 58 cm, totally zinc plated construction
- 04.06.02 As above total length 32cm
- 04.06.03 Thumb spatula
- 04.06.06 Mineral gouge auger, Ø13 mm, operational length 60 cm, length 110 cm, op.. part not zinc plated, shaft zinc plated

## Handles, Extension Rods and Accessories

- 01.10.01.B Handle, normal, 60 cm, bay. (incl. coupling sleeve)
- 01.10.02.B Handle, short, 25 cm, (incl. coupling sleeve), bay.
- 01.10.06.B Extension rod, 50 cm, (incl. coupling sleeve), bay.
- 01.10.07.B Extension rod, 100 cm (incl. coupling sleeve) bay.
- 01.10.08 Push-/pull handle, diam. 22.2 mm
- 01.10.15 Push-/pull handle, diameter 25.4 mm
- 01.10.09.B Coupling sleeve
- 01.10.10.01.C Handle, normal, 60 cm, c.sc.
- 01.10.10.C Handle, normal, 60 cm, with detachable grip, c.sc.
- 01.10.11.C Handle, short, 10 cm, with beating head, c.sc.
- 01.10.12.C Extension rod, 100 cm, c.sc.
- 01.10.13.C Extension rod, 50 cm, c.sc.
- 01.10.17.B Handle, normal, 60 cm, with detachable grip, bay.
- 04.05.01.16 Bent spatula, breadth 16 mm
- 04.05.01.20 Bent spatula, breadth 20 mm
- 04.05.05 Steel hammer with nylon heads, diam. 70 mm, 2 kg, impact absorbing design
